# SIBCO Mega Plant Project, Saudi Arabia

## Production Plants: Design and Construction Supervision

### The Task

The SIBCO Mega Plant Project comprised the construction of a new PEPSI factory in Industrial City 2, which is close to Jeddah in the Kingdom of Saudi Arabia (KSA). The project consisted of the construction of:

- an 85,000m<sup>2</sup> factory building,
- High Bay Warehouse,
- Raw material storage,
- Can storage building,
- Central utility building,
- Drivers building,
- Truck repair building,
- Guardhouses,
- Market return building,
- Maintenance building,
- Raw water tanks,
- Wastewater treatment plant,
- Administration and link building.

### Services

Nurizon was appointed to provide engineering support and assurance in terms of a 12 month close-out, as well as undertaking the detail designs (including shop detail drawings) of 5 additional structures constructed for this project.
